

Curriculum

Our curriculum is play-based, supported by high quality texts and reflects the interests of our children. We always begin the year exploring how we feel about starting Nursery, getting to know our key workers and friends and becoming familiar with our learning environment and routines. Please see the Nursery Class Page on our website for information on the things you can do to support your child's learning at home.

Reading

Later on in the year, children will be given a sharing book to bring home once a week. This can be shared with your child at any time of day, even more than once! Sharing stories has lots of benefits for children; it will build self-esteem, increase vocabulary, feed imagination, improve thinking skills and bring children comfort and happiness.

Dates and Information

Monday 14th September -
Jeans for Genes Day - no
donations required

Friday 25th September - Macmillan
Coffee and Cake Takeaway - details to
follow

Hello and Welcome to Nursery 3's

This welcome newsletter is intended to outline some of the initial information you need to know to help your child settle into Nursery.

We are very excited to get to know you and your children and to be working together over the next year!

How I can support my child?

As the term progresses we will send out information sharing what the children have been learning and some simple things that you can do at home. This will include short practical activities for you to do together. The most effective ways of supporting your child during their time in Nursery is to teach your child to use the toilet independently, read lots of stories with them and to encourage your child to talk lots.

Behaviour

In order for all to achieve their potential we are committed to creating an environment where exemplary behaviour is at the heart of productive learning, thus enabling all to feel secure and respected. We do this by having clear and simple rules which are explicitly taught and modeled by all members of our school community. Our three school rules are:

- Be ready - Be respectful - Be safe

We also have four listening skills that we actively teach across school. These are:

- Good listening is...sitting still
- Good listening is...staying quiet
- Good listening is...looking at the person who is talking
- Good listening is...listening to all of the words
