Safeguarding Statement

At Belle Vue Primary and Nursery, we respect and value all children and are committed to providing a caring, friendly and safe environment for all our pupils so they can learn, in a relaxed and secure atmosphere. We believe every pupil should be able to participate in all school activities in an enjoyable and safe environment and be protected from harm. This is the responsibility of every adult employed by, or invited to deliver services at our school. We recognise our responsibility to safeguard all who access school and promote the welfare of all our pupils by protecting them from physical, sexual and emotional abuse, neglect and bullying.

SEND Legal Definition:

The [Gov.uk: SEND code of practice 0 to 25 years](#) defines a child or young person as having SEN if they have a learning difficulty or disability which calls for special educational provision to be made for them. A child of compulsory school age or a young person has a learning difficulty or disability if they:

- have a significantly greater difficulty in learning [in any area of need] than the majority of others of the same age; or
- have a disability which prevents or hinders them from making use of educational facilities of a kind generally provided for others of the same age in mainstream schools or mainstream post-16 institutions.

Special Educational Needs Policy Statement

Belle Vue Primary school is a two form entry, mainstream community school with classes from Nursery to Year 6. It is a caring primary school with happy pupils and an enthusiastic and committed staff. We are committed to safeguarding and promoting the welfare of children and know that all staff share this view. We provide a fully inclusive main stream primary provision, our aim is to help children aspire and achieve their potential academically, personally, socially and emotionally in all areas of the curriculum regardless of their gender, ethnicity, social background, religion, sexual identify, physical ability or educational needs. Belle Vue provides high quality teaching, which encompasses a nurturing, holistic view of the child and enables all pupils to develop positive and enduring attitudes to learning.

The aim of our SEND provision is to ensure that children will have access to a curriculum and resources that will help them to progress at their own pace and ability in order to achieve their maximum potential. SEND in this school is the shared responsibility of parents/carers, the school and local agencies. We aim to work collaboratively in order to get the best for all of our pupils and ensure that individual needs are recognised and met in a timely manner.

We pay particular attention to the provision for and the achievement of different groups of learners:

- **girls and boys**

- **learners with special educational needs**
- **learners who are disabled or have long term illness**
- **those who are gifted and talented**
- **those who are looked after by the local authority (LAC)**
- **any learners who are at risk of disaffection and exclusion**

Aims & Objectives

Our SEND policy and information report aims to:

- Set out how our school will support and make provision for pupils with special educational needs and disabilities (SEND)
- Explain the roles and responsibilities of everyone involved in providing for pupils with SEND

Belle Vue Primary and Nursery School strives to provide an inclusive education for all pupils. We do this by ensuring that all pupils educational needs are supported by using the graduated approach to learning, recommended in the SEND Code of Practice 2014. This ensures that no child is left behind. We recognise that pupils progress at different rates and that there are many factors affecting achievement, including ability, emotional state, age and maturity. We are particularly aware of the needs of our Foundation and Key Stage 1 pupils, for whom maturity is a crucial factor in terms of readiness to learn. We believe in both early identification and early intervention. We understand that many pupils, at some time in their school career, may experience difficulties which affect their learning, and we recognise that these may be long or short term.

Belle Vue Primary and Nursery will:

Enable children to develop a sense of well-being in the school, created by adults who encourage and support their learning, provide opportunities to succeed, build self-esteem and a sense of belonging to school and wider community.

Nurture each child as an individual.

Provide a rich and varied curriculum, tailored to individual needs which reflects the school community and which gives children insights into the world in which they are growing up.

Prepare children fully for the next stage of education.

We strive to:

- To ensure that all learners reach their full academic potential with the correct support required
- To ensure the equality of opportunity for, and to eliminate prejudice and discrimination against children with barriers to learning
- To continually monitor the progress of all pupils, to identify needs as they arise and to provide appropriate support at the earliest opportunity
- To provide full access to the curriculum through differentiated planning by teachers, support staff and the SENco (where appropriate)
- To involve and support parents/carers to meet their child's additional needs
- To involve the children themselves in planning and in any decision making that affects them.
