Spellings
Practise and learn your spellings. Can you spell them independently? Do you know what they mean? Can you include them in a sentence?

Multiplications & maths games
Learn your times tables so that you are fluent with them. Complete maths games on the internet (links are on the school website).

Additional tasks or activities
These tasks might not be every week but are set by your teacher to help you with your learning. They might involve reading, finding out about a topic or learning facts.

Readings
It is really important to practice your reading every day. Reading is the best thing to help you build your confidence and improve learning.

Termly tasks
Your teacher will set you 1/2 termly tasks to complete. It might be a practical project, fact file or something completely different.

Spellings

- Any statutory spelling lists and spelling word lists for a year group will be on year group pages.
- Spellings are taught phonetically, using phonemes and graphemes.
- Children are taught a phoneme and then each year group focuses on certain graphemes that represent that phoneme.
- On day 1, children are introduced to the phoneme/grapheme and learn how to spell a set amount of words that include that phoneme.
- Friday quiz.

Week	Phoneme	Spellings

Handwriting

- We use the handwriting scheme 'Letter Join'. Handwriting is taught daily and children have chance to practise the letters/joins.
- We expect children to use and implement the letters/joins they have learnt in handwriting, in their independent writing in all lessons.
